

**THREE HUNDRED and THIRTY-FOURTH
ANNUAL REPORTS**

**Hadley,
Massachusetts
1993**

The 1993 Annual Town Report is dedicated to Michael and Anne Pewatka. Michael Pewatka was born in Hatfield and his wife, Anne, was born in Amherst. They moved into their adopted community of Hadley a number of years ago. Mr. Pewatka retired in the late 1970's from his vocation after 30 years in the farm equipment business of Roman Skibiski, Inc. in Sunderland. Mrs. Pewatka is retired from the U.S. Fish and Wildlife Service.

They both brought a wealth of experience to the APR program in Hadley. Michael was the contact person as the one who went out and talked with a number of farmers in Hadley about the benefits of the APR program. Anne, on the other hand, was the inside person who handled the typing and a great deal of the paper work over the past 15 years, helping farmers fill out APR applications and keeping records of transactions. Through their efforts, approximately 1271 acres of farmland in Hadley were preserved making Hadley the number 2 community in the Commonwealth in farm land preservation.

Both Michael and Anne have also dedicated many hours of time to the Hadley Council on Aging. They served on several programs and committees with the council group.

So as you and I drive through and on the streets of Hadley, we have, to a great extent, the Pewatkas to thank for their efforts in keeping Hadley as attractive a community as it is. Future generations will also, undoubtedly, give thanks to the people who had the foresight to help in the preservation of farmland. It is indeed a pleasure to dedicate this year's annual report to people who so justly deserve the honor.

REPORT OF THE FINANCE COMMITTEE

TO THE MODERATOR AND THE CITIZENS OF HADLEY:

The budget that is being presented to you for the most part reflects level funding. The school budget shows an increase that has been mandated by State Law in the Education Reform Bill. This budget is well below the amounts requested, and reflects no additional money for increased services, or salary increases that may arise in the current contract negotiations.

For the past few years, Town Meeting has used substantial amounts of available funds (Free Cash and Stabilization) to balance the budget. At press time, State Aid Figures some revenue figures and exact amounts due the School were not available so we were forced to use estimates based on previous history in an attempt to balance the budget. All indications are we will have increases in State Aid, but since that is not firm, we have presented the initial budget as described and will not use money from the stabilization account to balance the budget.

We are attempting to live within the revenue currently available but want to clearly point out to the citizens that this is a minimum budget and without some form of additional revenues, more State aid, overrides will be necessary to maintain in the current levels of service.

Our approach to budgeting continues to be to present to Town Meeting the best budget, one with the most services and least dependent on outside revenue.

Respectfully submitted,

March 30, 1994

1993 ANNUAL REPORT OF THE BOARD OF SELECTMEN

TO THE CITIZENS OF HADLEY:

Despite continuing limited financial resources in 1993, the Town continued to provide the high quality services citizens enjoy in Hadley. The Board participated in several new programs and initiatives, as well as moving forward other projects.

Engineering was completed on an 1,100 foot section of dike along the Connecticut River. Approval by both Town Meeting and the voters in 1993 ensures this project will be constructed in the late summer/early autumn of 1994. The state Department of Environmental Management is providing 50% in matching funds for design and construction of this important project.

For the second year in a row, Hadley received funding for housing rehabilitation and social services through participation with Amherst, Pelham, and Belchertown in the Massachusetts Small Cities CDBG program. Income-qualifying Hadley residents will benefit from access to funds to correct structural and building code problems in homes, elderly meals, fuel assistance, health, and other services. In 1993, Hadley residents received \$35,000 in housing rehabilitation assistance. We hope more income-qualifying residents will participate in this program in 1994. The grant also provided \$29,000 for purchase and installation of temporary handicapped access ramps at Hooker and Russell schools. Once the new elementary school is constructed, these ramps can be utilized elsewhere.

The Town received a \$225,000 Ready Resource grant as part of the Ready Resource Component of the CDBG program. This grant, to encourage economic development, will fund the upgrade in capacity of Sewer Pump Station 2 on Mill Valley Road. With this additional capacity, the Town will realize increased revenues from commercial development along Route 9 in the eastern section of Town, and will enable the revitalized Westmass University Park to move forward. Construction is expected to take place in 1994.

After an extensive recruitment process, the Board unanimously appointed Lieutenant Dennis Hukowicz as Chief of the Hadley Police Department. Lt. Hukowicz had served as Acting Chief for the past five years.

Public Safety continues to be a priority for the Selectmen. Our Board worked closely with the School Committee, Senator Stanley Rosenberg, Representative Nancy Flavin, and the Massachusetts Department of Public Highways to have a warning signal installed along Route 9 near the schools. We hope this extra measure of precaution will enhance the safety of children crossing Route 9 at Middle Street.

We wish to extend our sincere thanks to all Town employees, officials, and volunteers for their contributions to their community and its citizens. We hope the spirit of cooperation will continue as Hadley faces the future, and its challenges and opportunities.

Respectfully submitted

Article 18. Voted to amend Section XIII, Flood District Overlay of the Hadley Zoning Bylaws as follows:

Section B.2(b) will be amended to read:

- b) In the floodway, prohibit the placement of mobile homes except by special permit as defined below

Section B.3 will be added:

3) Mobile Residential Uses

a) Purpose.

- (1) To provide that lands in the Town of Hadley subject to seasonal or periodic flooding as described hereinafter shall not be used for residence or other purposes in such manner as to endanger the health or safety of the occupant thereof.
- (2) To assure the continuation of the natural flow patterns of the water courses within the Town of Hadley in order to provide adequate and safe flood water storage capacity to protect persons and property against the hazards of flood inundation.

b) Definitions.

(1) "Mobile Residential Unit" consists of any vehicle (whether having motor power of its own or not originally designed or permanently altered and equipped for human habitation which is not used to transport property other than property used for human habitation or camping purposes. This includes but is not limited to vehicles known as mobile homes, house trailers, campers, camper trailers, or recreational vehicles.

(2) "Special permit granting authority" shall be the Zoning Board of Appeals.

c) Notwithstanding any language in this bylaw to the contrary, mobile residential units are permitted in the flood plain and flood way only, during the period May 1 thru October 31 of each year, by Special Permit from the Special Permit granting authority.

d) The application to the Special Permit granting authority must satisfy the following conditions as shown by a site plan prepared by a registered professional surveyor, and must be renewed annually:

- (1) One mobile residential unit may be placed on any lot meeting the minimum size and set back specifications for structures in the underlying district;
- (2) There shall be no danger of pollution to public or onsite water supply facilities, due to the location or elevation of the mobile residential unit, filling of the area, infiltration of flood waters, or for other reasons.
- (3) Utilities shall be so located and constructed as to minimize or eliminate flood damage.
- (4) Adequate methods shall be provided for the periodic disposal of sewage, refuse and other waste resulting from the uses permitted on the site.
- (5) The applicant must submit a written plan for removal of the mobile residential unit in event of flood danger, and post bond for any damages resulting from failure to remove the mobile residential unit.
- (6) The applicant is not excused from complying with other applicable laws, including wetlands protection laws under the jurisdiction of the Conservation

Commission and any other rules and regulations governing use of water front property in the Commonwealth of Massachusetts.

REPORT OF THE PLANNING BOARD

TO THE CITIZENS OF THE TOWN OF HADLEY:

There were several applications for Site Plan Approvals in 1993 totaling over 20,000 sq. ft. of building floor space, and all were approved. The Planning Board had no applications for residential subdivisions in 1993, and two subdivisions which had been pending for several years were withdrawn by the owner. There were four applications for flag Lots and all were approved. At this time, there are no residential subdivisions pending any sort of Planning Board approval and the only approved subdivision which has not started construction is Woods Edge (20 lots).

REPORT OF THE BOARD O REGISTRARS

TO THE CITIZENS OF THE TOWN OF HADLEY:

The Board of Registrars duties for the year consisted mainly of Town business. There were the Annual Town Election and Town Meeting; three (3) Special Town Elections and four (4) Special Town Meetings and fourteen (14) voter registration sessions required by Massachusetts General Laws.

In addition, your Registrars certified signatures on numerous initiative petitions and on Town nomination papers that were submitted to the Board.

The Board of Registrars worked diligently and with your help, was able to obtain as accurate a census as possible. With all the information which you provide on your census forms, the Board is then able to provide street lists, voting lists and prepare the school and dog census.

REPORT OF THE BOARD OF ASSESSORS

TO THE CITIZENS OF THE TOWN OF HADLEY:

During 1993, Stanley Niedziela retired from the Board and was replaced by Raymond Szala at the annual town elections in April. During 1993, the Board also implemented a new policy to notify taxpayers when abatement applications are due on a date other than when payments are due. The Board will attempt to notify all taxpayers of any changes in application and form due dates.

Some of the other duties that the department performed during 1993 were:

Real estate sales and deed transfers were updated as soon as the Assessors received them from the Hampshire County Registry of Deeds.

Automobile excise tax billings were turned over to the Collector upon receipt from the Registry of Motor Vehicles for collection.

The Board handled several Appellate Tax Board cases as well as Real Estate and Personal Property abatement applications.

Boat excise tax bills were also mailed in 1993.

In closing, the Assessor's Office will do its best to perform its assessment function adequately and equitably. The Board seeks to establish an ongoing, cooperative relationship with the public it serves and will continue to work hard toward that end.

The Assessors Office remains open weekdays from 9:00 a.m. to 4:00 p.m. and has Tuesday evening hours.

Respectfully submitted,

Jeffrey Mish, Chairman
Daniel Omasta
Raymond Szala

REPORT OF THE HIGHWAY AND WATER DEPARTMENT

TO THE HONORABLE BOARD OF SELECTMEN AND CITIZENS OF HADLEY:

The following projects were undertaken and completed by the Highway and Water Department in 1993.

The winter of 1992-1993 was particularly severe with numerous snow storms and a blizzard that occurred on March 13 which strained the capability of the Department and the independent agents who contracted with the Town to assist in snow removal. I would like to commend the men of the highway crew who put in many long hours maintaining the Hadley roads during the long series of winter storms. The Massachusetts Emergency Management Agency (MEMA) allocated monies for towns in western Massachusetts so that they could receive financial aid for emergency snowplowing in March. An application was submitted by this department and money was eventually received from MEMA. Because of the additional usage of the snow removal equipment throughout the winter, many of the trucks, plows, and sanders required extensive maintenance work in order to remain available for use. The Highway Department equipment is a year older with no replacement during 1993.

The severity of the winter also resulted in increased deterioration of some of the town roads which required extensive repair of potholes. Additionally, the increased usage of sand and salt during the winter required a major cleanup effort after the snow removal season.

The construction of a new stop light at the intersection of North Maple and Rocky Hill Road was begun.

Utilizing Chapter 90 funds from the state, the following roads were resurfaced during the year: Bay Road from East Hadley Road to Route 47. East Hadley Road from South Maple Street to Bay Road, West Street, Cemetery Road, and Dump Road were shimmied with blacktop. Also shimmied was the intersection of South Maple Street and Moody Bridge Road, the intersection of East Street and Bay Road, Cross Path Road from Cemetery Road to Route 9 and a section of Knightly Road and Mt. Warner Road.

Stone and oil was accomplished on the following roads: West Street (North side of Route 9), Cemetery Road and Dump Road, and Kimberly Lane.

Cracksealing was accomplished on North Maple Street from Route 9 to the intersection of Rocky Hill road.

Route 47 from Chmura Road to the South Hadley line was completely rebuilt, the project totally funded by the state and federal funds at a cost of \$430,000. The Town has also applied for a similar grant to rebuild a section of Route 47 from Stockwell Road to Dwyer Bridge and the placement of the bridge on Mt. Warner Road near Route 47.

A number of roads required installation of drainage piping. A drainage swale and piping was installed on Huntington Road. A large culvert on South Middle Street was found to be collapsing and required replacement. The existing pipe was replaced by a 42 inch RCP pipe and the work was accomplished by an outside contractor using Chapter 90 funds. Additionally, a large culvert pipe on Chmura road was replaced with RCP using town funds. Other smaller culverts were replaced by town forces.

Various other duties included shaving high shoulders, installation of catch basins, line painting, catch basin repair, and resurfacing of sections of the town sidewalks.

Cutting of 21 trees and the trimming of many other trees within the Town was accomplished using department personnel. Outside contractors were used to trim and cut trees near power lines. It should be noted however, that Western Mass Electric Company no longer are cutting trees near power lines unless an emergency occurs. Young Norway Maple trees were donated by Stanley Lesko from Aqua Vitae Road and were planted to replace the ones cut. I would like to thank Stanley for his generosity to the Town.

Numerous meetings were held with the Department of Environmental Management (DEM) and other state officials to inspect the section of the dike near the landfill regarding repair work. At Town Meeting an override approval for repairing 1,100 foot section of the dike was passed. Design and permitting work is well underway with about one-half the total cost of the project to be carried by the DEM. Various other funding sources are being explored to lower the cost of the Town's share. The actual reconstruction work could be started as early as June, 1994. The early spring flooding caused concern over flooding and prompted the Town to take action in the form of shoring up this 1,100 foot section. Using rented equipment and rock that was stockpiled, the top section was shored up to protect this area from further erosion. The Town has applied to MEPA for emergency funding for this repair. Meanwhile, the entire length of the dike (over 1 1/2 miles) was mowed, using a large tracked machine.

Using funds provided by Town Meeting and an override, the underground fuel storage tanks at the Town Garage were replaced and a new fuel island built. Additionally, tanks at the North Hadley Hall were dug out and replaced by above-ground tanks, located in the cellar.

The Water Department replaced several fire hydrants during the year and installed new service to 14 new homes. Annual water line flushing was accomplished to remove sediment buildup. Total water consumption by the Town was 267,911,000 gallons at a cost of \$67,000 for electricity. Water meters were read and the system master meters at the Mt Warner and Bay Road pumping stations were calibrated.

Water Department personnel conducted required water sampling on an annual, monthly, and special basis and contracted personnel provided sampling for lead and copper as required by DEP regulations. The Backflow Prevention program continued with the installation and testing of devices throughout the town. The water storage tanks were inspected at various times during the year.

The Water Department remained in complete compliance with DEP during the year.

The West Street water plans are about 90% complete. This is to replace water lines on West Street, North Lane, and parts of Bay Road. The Spruce Hill water line was tied into Arrowhead Drive. A large water line break on Route 9 by the Competitive Edge Sport Shop was repaired on April 20 using a large backhoe hired for the job.

The Highway and Water Department performed a variety of duties during the year in a continuing effort to maintain the roads and water system of the Town in the best possible condition with the funds available. The highway crews repaired hundreds of potholes during the year, installed and removed snow fencing, graded and shaved various roads, mowed and maintained ballparks and around public buildings. Again, I wish to thank all members of the department for their diligence and hard work during the year.

Respectfully submitted,

Michael J. Klimoski
Highway & Water Superintendent

HADLEY HOUSING AUTHORITY

The Hadley Housing Authority was created for the purpose of providing housing for the elderly. Its powers, duties, etc. are defined in the provisions of Chapter 121B of the General Laws, as amended, which is known as the Housing and Urban Renewal Law. The Authority's office is located at Golden Court, Hadley and regular meetings are held the first Monday of each month and special meetings are held as needed. As of December 31, 1993 the Authority's administrative organization was as follows:

<u>Name</u>	<u>Title</u>	<u>Term Expires</u>
Joel Searle 241 Bay Road	Chairman	1997
Joseph Fitzgibbon 22 Roosevelt Street	Vice Chairman	1995
Susan Szady 49 Lawrence Plain Road	Treasurer	1994
Raymond Grabiec 1 Bristol Lane	Assistant Treasurer	1996
Officer: Stanley M. Paulson	Executive Director	

State Aided Housing Program

The Authority currently operates two state-aided housing programs, a 667-1 project consisting of 40 units of housing for the elderly, and a 705-1 development consisting of 12 units of family housing located at Golden Court Apartments.

REPORT OF THE HADLEY SCHOOL COMMITTEE

TO THE CITIZENS OF THE TOWN OF HADLEY:

The Massachusetts Education Reform Act of 1993 has had significant implications for the educational program in Hadley. Roles of school committee, administrators, educators, and the community have been restructured and redefined in this reform. School based management has been enhanced by the formation of school councils on both the elementary and secondary levels.

The school committee will now have more opportunity to review and develop policy and educational goals for our school system. To help us accomplish this our committee applied for and was accepted into the School Committees' Leadership in School Reform program.

The school committee was very pleased with the success of the Hadley Elementary School Building Committee in achieving a positive vote for a new elementary school for the children of Hadley. Our schools are overcrowded and our elementary school children are utilizing five different buildings for their classes, physical education, and meals. A new school will bring all our pre-K through grade 6 students together in one building where all their educational needs can be met. We are very appreciative of the community support for this school as well as the dedication and commitment of the building committee.

We want to personally thank our school staff, educators, and administrators for the caring and thorough work they do on a daily basis to provide the best possible education for the children of Hadley. In addition, the members of the school councils are to be commended for their commitment to providing quality education for our children. We also want to thank Miss Angela Rodak and Miss Meaghan Tudryn, student representatives to the school committee. Their contributions have been invaluable to us.

We also want to express our sincere thanks to the PTO, the Mother's Club, the Hopkins Academy Board of Trustees, the Booster Club, the Lions Club, the American Legion, the Policemen's Association, and the organizations and individuals who contribute to our schools and our scholarship funds. Their continued support and encouragement help us to provide for needs our budget cannot meet and some extras to provide our children with the educational opportunities they deserve and need as we prepare them for the responsibilities of adulthood.

Joyce West, past chairperson and member of the school committee for nine years, will not seek re-election this spring. We want to express our sincere appreciation to Mrs. West for the time, energy, knowledge, and experience she has provided the school committee and administration. Mrs. West's commitment to providing opportunities for children is exemplary. We wish her the best life has to offer. She has certainly provided the best for our children!

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To The Citizens of Hadley and the Hadley School Committee:

I, herewith, submit my second Annual Report as Superintendent of Schools.

The past year has been an eventful one for the school system.

On the local level, we are most appreciative to the community for the passage, in the fall of 1993, of funding for a new elementary school. The School Building Committee continues to meet at least once a week, in order to complete all requirements necessary for successful submission of the application for funding to the Massachusetts Department of Education by the June 1st deadline. Many individuals have invested many hours over the past 7 years to move the project to this point. Thanks to all who have contributed expertise, energy and concern on behalf of current and future elementary school students.

On June 18, 1993, the Education Reform Act of 1993 was signed into law. This law is the product of intense work by the Legislature, Governor's Office, the business and education communities members of the general public. This legislation is intended to make sweeping changes in the funding and provision of educational services in the state of Massachusetts. Many other states throughout the country have enacted similar legislation.

The state now mandates a minimum local contribution for education each year. State aid to assist communities in meeting this mandate is dependent on the community's resources and taxation rate as it applies to funding of public schools. The intent of the funding formula is to equalize educational opportunities for students throughout the state. Hadley unfortunately, will receive only minimal increases in state aid under the current formula but will be required to increase school spending by approximately 8% in the coming year.

This legislation substantially increases the responsibilities of principals and superintendents. School Committees will, therefore, be less involved in day-to-day operation of the schools, with greater emphasis on the importance of developing policies by which the schools will operate.

The Massachusetts Department of Education will develop a common core of learning for all students in the Commonwealth. There will be state mandated testing each year in grades 4, 8, and 10. In the year 1999, graduation will be tied to successful completion of the testing program.

School Councils, comprised of parents, students, community members, faculty members, and principals, will serve in an advisory capacity to the administration and School Committee in reviewing current programs and budgets. Each school system is required to plan and fund professional development activities for faculty and administrators who must renew certifications every five years.

These are only a few of the provisions of this comprehensive law. Citizens interested in learning more about the Educational Reform Act of 1993 are invited to call the Superintendent, one of the Principals, or members of the School Committee for further details.

Many maintenance projects have been completed since the last annual report: repairs to the Hooker and Russell School roofs were completed, seven classrooms, and the restrooms at Hooker School were painted, numerous plumbing and electrical repairs were done and badly frayed carpet was replaced in several classrooms in Hooker and Russell Schools. A classroom in the basement of Russell School was renovated to accommodate an additional 5th grade class. At Hopkins Academy, the gymnasium and cafeteria received fresh coats of paint, fans were installed in the gymnasium, bleachers and gym equipment received safety inspections and extensive repairs. The whirlpool bath in the trainer's room is now accessible to both male and female athletes. Numerous minor safety issues have been addressed in all school buildings.

It would be impossible for me to thank all the individuals and groups who have contributed, during the past year, to the quality of education in the Hadley Public Schools. One of the things that amazed me, in initiating plans for the Preschool in 1986, was the wealth of expertise which is volunteered, upon request, in order to benefit the children of Hadley. This continues today. Consultation on almost any subject is possible from tradesmen, business, educational and technical people, as well as a very talented, active group of retirees who are always willing to lend assistance on any project. The Hopkins Academy Trustees, Hadley Motor's Club and the Parent Teacher Organization have continued to provide generous support in supplementing equipment, materials and activities which greatly enrich the educational program at all levels. I would like to thank the Lions Club, Young Mens' Club, Hadley Police Association and the Athletic Boosters Club for various contributions throughout the year. The services provided by the Highway, Police, and Fire Departments, as well as Building, Plumbing and Electrical Inspectors, and various Town Hall offices are essential to our day-to-day operations.

I would also like to thank Mrs. Flanders, Mrs. Selavka, and the support and instructional staff for the dedication and hard work.

Thanks also to the Hadley School Committee for their support and guidance over the past year. Special thanks to Joyce West, who will be leaving the School Committee after 9 years of service. I will miss her wisdom, experience, and common sense.

To summarize, it is the people and spirit of Hadley that make our school programs successful. Thank you one and all.

REPORT OF THE PRINCIPAL OF HOPKINS ACADEMY

TO MRS. ANNE FINCK, SUPERINTENDENT OF SCHOOLS, THE HADLEY SCHOOL COMMITTEE, AND THE CITIZENS OF HADLEY:

The following is my sixth annual report as Principal of Hopkins Academy. The enrollment figures on October 1, 1993, were as follows:

GRADE	BOYS	GIRLS	TOTAL
12	15	16	31
11	22	18	40
10	14	19	33
9	15	18	33
8	21	19	40
7	<u>20</u>	<u>26</u>	<u>46</u>
TOTALS	107	116	223

TRUSTEE GIFTS

The Hopkins Academy Trustees continued their generous support of our school in 1993. Ten college scholarships, totaling \$8,000, and many prizes were awarded at graduation in June. Seven grants were approved: \$2,106 for Newsbank, a reference service for the library, \$600 for reference books and computer for programs for home economics, \$730 for Career Education, \$2,500 to support student participation in the Close-Up Program, \$2,800 for two Macintosh Classic Computers, and printers for a science classroom and an English classroom, \$1,600 for five typewriters for business students. The generosity and support of the Hopkins Academy Trustees is truly appreciated.

OTHER SPECIAL GIFTS

The Hadley Mothers' Club donated a camera for the Yearbook staff, a MacMillan Encyclopedia of Science, Microsoft Work 5.0 for technology computer, 18 badminton rackets, a set of paperback books

for an English class, 15 History video tapes, a video program for spanish classes, video tapes for French classes, and a check for \$500 to the "Hawk's Claw." They sponsored a junior girl's attendance at Girls' State. The Parent Teachers Organization also sponsored a junior girl's attendance at Girls' State as well as memory upgrades for four computers, videos, science videos, and a reference book for geometry classes. They donated funds to support the Sports Banquet, Yearbook, Hawk's Claw, and field trips. They continue to print "Chalktalk" every month, and again conducted "Teacher Recognition Day" in the spring and their traditional luncheon for staff members on the first day of school in the fall. Several parents helped staff our After School Study Program in late winter and early spring. The Athletic Boosters Club continued their support of our athletes, selling refreshments at home ball games, treating the soccer, basketball, baseball, and softball teams to end of the season pizza parties, and assisting with both money and service at the athletic banquet.

SPECIAL PROGRAMS

The Student Handbook Review Committee, whose members include parents, students, and teachers, met in the spring to revise the Handbook. An assembly was held in April to address issues of harassment; presenters were from the Northampton probation office. Senior seminar, held the last week of senior classes in May, was very successful this year. Presentations included an all day aids awareness program conducted by Dr. Joseph Abel from the University of Massachusetts for all juniors and seniors. Other programs for seniors were on dormitory life, drinking and driving, cancer prevention, and a panel of graduates sharing their experiences in life after high school. Student council members hosted a picnic in June for senior citizens. Sixth grade parent orientation and "Step-Up Day" helped students to prepare for moving to the next grade and/or school.

Continuing programs in the fall included "Project Heart", our sustained quiet reading program, a monthly career education program for students in grades nine through twelve, special study skills programs for seventh and ninth graders, and a peer education program directed by school psychologist Jack Horrigan. Due to their success, homework assignment books were again distributed to and used by junior high students, and the daily snack break for seventh and eighth graders continued. A junior history class met with residents of Shady Lawn and followed up with interviews of individuals and the writing of their dictated histories as a class project. An eighth grade math class took over the recycling project, with the help of Richard Costello, and are tabulating the amount of paper recycled as a class project.

The passing of the Education Reform Act on June 18, 1993, has brought about some new responsibilities. A School Council, consisting of three teachers, Frederick Goodhue, Dawn Barkman, and

Christine Plette, three students, Ashleigh Marrama, Neil Lozier, and Anthony Scarnici, three parents, Andrea Goguen, Pamela Bombardiers, Robert Greeney, three community members, Linda Sanderson, Leo Carney, and Kenneth Parker, and the principal, has been meeting monthly. The charge for this council is to conduct a needs assessment, write a school improvement plan, review the school budget, and update the Student Handbook.

ACTIVITIES AND RECOGNITION

Winners in the Lane Prize Speaking contest were Stacy Waskiewicz, first place, Karen Strauss, second place, and Jennifer Dudas, third place. The "As School Match Wits" team of Shelley Robertson, Jonathan Bemben, Meaghan Tudryn, Seth Kostek, and Jodilyn Campbell had a good match but lost to Ludlow High School. Amanda Barstow and Elizabeth Sweklo represented Hopkins Academy at the "Women in Sports" day celebration in Boston in February. Kristyn Paddock, Jeremy Thayer, Diana Wanczyk, and Jenny Wojewoda were selected to participate in the Western Mass District Junior High Band, while Dana Gustafson and Jessica Paddock represented Hopkins at Western Mass District High School Chorus. Anthony Jung was selected to attend Art All State. Juniors Jean Levandowsky, representing the Mothers' Club, and Kimberlee Cook, representing the PTO, attended the American Legion Auxiliary Girls' State in June. Christopher Kostek and Anthony Kulas attended Boys' State representing the Hadley American Legion. In the Geography Bee, sponsored by National Geographic, seventh grader Katie Dudkiewicz was our winner. The high school band marched at the Big "E", the St. Patrick's Day parade, and Memorial Day exercises in Hadley and Amherst. Two concerts were performed to a full house by the high school and junior high bands and choruses. Senior Tracy Schott was named winner of the DAR Good Citizenship award while Rachel Cooke received the same award for the eighth grade.

Two students, Karen Strauss and Dana Gustafson, were selected in September as student reporters for the Daily Hampshire Gazette. Two new programs started up in September. An Environthon group, led by Diane Chapman, was formed in which teams of students in Massachusetts high schools participate in a science competition by problem solving environmental issues. A community Service organization, associated with Project "SHARE" and assisted by staff advisors Diane Chapman and Phyllis Welch, has over eighteen members who have contributed over ninety hours to service projects so far this year. In October Hopkins Academy was recognized the United States Military Academy at West Point as one of sixteen "Spotlight Schools" in the United States. A framed certificate, in recognition of our outstanding academic quality, teaching faculty standards, course offerings, and student progress toward higher education, was presented to us at an assembly. The National Honor Society inducted fourteen new members, three seniors, and eleven juniors in November. Kimberlee Cook won the Century III Leadership

award and Brian Ahlemeyer was selected for the Principal's Award. In December, Congressman Richard Neal addressed high school government and U.S. History classes and answered questions about decisions facing our government.

The girls' and boys' basketball teams participated in the Western Mass open tournament in March but lost their first games. The boys' soccer team qualified for the tournament but lost 1 to 0 in a thrilling first game. All of our teams, junior high through varsity, received gold or silver Academic Awards at the Athletic Banquet. Golds awards signify a team grade point average of 3.0 to 4.0 while silver awards are for 2.5 to 2.99 grade point average.

At graduation exercises in June, Electya Johnson accepted the "Distinguished Alumni" award given posthumously to her husband, Captain Irving M. Johnson.

IN APPRECIATION

I'd like to thank Mrs. Finck for her support of the programs, staff, and students at Hopkins Academy. The faculty at Hopkins are truly dedicated, and we are fortunate to have fine support personnel in the office and kitchen and as custodians and bus drivers. With the School Committee and the students and parents of Hadley, we have a wonderful school community, and I look forward to continuing to work with all of them.

Respectfully submitted,

Janet S. Selavka

REPORT OF THE PRINCIPAL OF ELEMENTARY SCHOOLS

TO ANNE FINCK, SUPERINTENDENT OF SCHOOLS, THE HADLEY SCHOOL COMMITTEE, CITIZENS OF HADLEY:

The following report addresses activities and programs of the Hadley Elementary Schools from January 1, 1993 through December 31, 1993.

The elementary enrollment as of October 1, 1993 was:

<u>Hooker School</u>		<u>Russell School</u>		<u>Pre-School</u>
Kindergarten	32	Grade 5	73	57
Grade 1	47	Grade 6	46	
Grade 2	50	TOTAL:	119	
Grade 3	46			
Grade 4	43	Old Gym, Ungraded		
TOTAL:	218		2	

TOTAL PreSchool-Grade 6: 396

Our enrollment for October 1, 1993 was 396 children, in the four buildings listed above. Since 1989, the elementary school enrollment has increased by 11.5%. We are educating a variety of differently abled children in our buildings, although they are not handicapped accessible, I cannot begin to describe the creativity and patience exhibited by all members of our school community. While the long hoped for passage of a new elementary school was rejoiced, we must still work within the confines of reality for the next few years, and it will be a challenge.

Each year as the large class of 75 students has entered a new grade, we have planned and provided building improvements, curriculum materials, and staff changes to meet their needs. During the summer, extensive renovation was initiated in the Russell School basement classroom, and the program schedule altered to include a full science program taught by Mrs. Kathi Chlanda. At Hooker School, electrical and plumbing updates were completed, and carpeting and some interior painting was provided.

Under the Education Reform Act of 1993, passed in June, all public schools in Massachusetts were to form a School Council composed of parents, community members, and teachers. The School Committee passed guidelines for composition of the councils and on October 4, 1993, the Elementary Council met for the first time. Parent members, elected by the Hadley P.T.O. are: Dale Bova, Hweiling Greeney, Patrick Leighton, and Karen Leveille. Community members, appointed by the principal, are: Janine Giles, Edward Golding, Dorothy Urch, and John Vassallo. Teacher members are: Janet Barrett, Grade 2; Marta Montleon, Special Education; Diane Murray, Preschool, elected by the faculty. Co-Chairs of the council are Edward Golding and myself. The council met three times in 1993 and began its legislative tasks of: 1. Adopting educational goals for the school. 2. Identifying educational needs of the students. 3. Reviewing annual school budget. 4. Formulating a school improvement plan. This diverse group has quickly coalesced into a thoughtful, child-centered force advocating for our elementary children. It is a great pleasure to work with them.

School Supporters

Each year, the schools receive an extraordinary amount of community support in a variety of ways. I'd like to express my gratitude to the following organizations on behalf of the students and staff. The Hadley Lions Club annually provides engraved dictionaries to our graduating sixth graders. This gift has become a meaningful part of the annual sixth grade celebration. The Lions also contribute to our Breakfast with Santa program.

The Hadley Mothers' Club has made a visible impact on our computer curriculum by providing funds to establish a software library. Annual support from Mothers' Club also provided us with classroom trade books, computer equipment, science curriculum materials, awards and incentives.

The Hadley Parent-Teacher Organization provided evening informational programs and workshops for the community as well as direct monetary support for student needs. The P.T.O. subsidizes a spring science field trip for every class with the Hitchcock Center for the Environment, and helped us purchase a variety of enrichment supplies not normally contained in the budget.

The Hadley Police Association gave some of the proceeds from their December concert to the elementary schools. The money was used to purchase additional computer equipment. Chief Hukowicz again participated in the "Officer Phil" safety program for grades K-6 which is provided through support from many Hadley businesses. The Hadley Young Men's Club prepared holiday stockings filled with small gifts and treats for our preschoolers and kindergarten children.

Thank you to all of you in the community who support our programs through contributions, your interest, and your attendance.

Professional Issues

Mrs. Judith Pelis, Grade 1 teacher, and I co-presented a six week course on Cooperative Discipline. Twenty-six staff members from every grade level attended, to learn and practice this positively structured method of promoting conscientious and respectful behavior in children.

Mrs. Dorothy Urch retired after many years of dedicated service as our Remedial Reading teacher. She tells us she has enjoyed her lazy mornings and a vacation trip in the fall. Best wishes to you, Dorothy!

We accepted with regret the resignation of music and string teacher Mrs. Susan Anzalotti, who accepted a new position in the Chicopee Public Schools. We all miss her energy, enthusiasm, and multiple talents.

We welcomed a familiar face to the teaching staff with the appointment of Mrs. Michaeline Baj as our Chapter I Reading teacher.

We also accepted the resignation of Ronald Jacques, Hooker School custodian, and welcomed Mrs. Tisha Trott, Mr. Fred Graves, and long-time friend of the schools, Mr. Donald Pipczynski, to the elementary school custodial staff.

The elementary staff has worked diligently on developing a vision statement that encompasses our goals for the children of Hadley. Now in concert with the School Council, we will have direction and clear goals, as well as a standard of assessment so we can measure

how well we are doing. Without the interested, informed and consistent support of the parents and community, this effort could not be achieved. Thank you.

Respectfully submitted,
Jillayne T. Flanders
Elementary Schools Principal

TO THE BOARD OF SELECTMEN

In February of 1993, the Board of Selectmen appointed members to a new School Building Committee for the Town of Hadley. Those members are:

Co-chairmen	- John Mieczkowski	Michael Brennan
	- James Maksimoski	Sally Harkay
Treasurer	- Joyce Chunglo	John Kokoski
Secretary	- Michele Mokrzecki	Gregory Omasta
Superintendent	- Anne Finck	Jean Waskiewicz
		Richard Swaluk

Phase I of our charge as requested by the Board of Selectmen was to present and provide to the Community Alternative School choices.

Those school choices were provided to the Citizens of Hadley in the form of an informational booklet sent to each registered voter on November 3, 1993. Included in this booklet was information about each school choice and a comparison chart, with an opinion ballot enclosed. On November 13, 1993 these opinion ballots were cast and those results are:

Hopkins Plan	-	83
One-Story Plan	-	561
Two-Story Plan	-	216
Hooker Plan	-	7
None of the Above	-	200
Blank	-	<u>1</u>

1,068

On December 16, 1993, the citizens were asked to attend a Special Town Meeting that required a majority vote for the one-story school choice plan. Those results are:

YES - 430
NO - 205

On December 21, 1993, the citizens were asked to vote on the proposition 2 1/2 vote override question. Those results are:

YES - 827
NO - 547

Our committee is now undertaking Phase II: design and development including full construction drawings and specifications. This phase will include meetings with various departments more regularly, the formation of ad hoc committees, and a more definite direction for planning in the building of a new one-story school. We would like to thank you for your support and look forward to meeting you at any one of our regularly scheduled meetings held most Thursday's in Room 107 at Town Hall at 7:15 p.m.

REPORT OF THE HADLEY POLICE DEPARTMENT

TO: THE CITIZENS OF HADLEY AND THE BOARD OF SELECTMEN

During 1993 the Hadley Police Department experienced another eventful and active year. With the increase in demand for service, the department responded with additional manpower when needed and enforcement into specific areas.

During the year, we regretfully saw the resignations of Officer Gerald Beltran and Nicholas Weidhaas. I wish them both well in their new careers. I further replaced these officers with Scott Trombly and Bruce Nicols. Both officers join our department with academy training and prior experience. I feel they will be an asset for the Town of Hadley. We also mourned the loss of retired Officer Edward Waskiewicz. Eddie was well known throughout the Town and was one of the officers that always responded to a call for police service before the existence of regular patrols. We all will miss him.

During 1993, through the effort of the voters of the Town of Hadley, we were able to replace one of our aging cruisers. In doing so, I further changed the graphic design of the new cruiser to bring the department image up to modern times.

In September, we completed the Governors Highway Safety Grant that we were awarded in December of 1992. I feel that the grant greatly assisted in our enforcement of drunk drivers and speeding. In addition, we continued our education in seat belt safety including a visit to the Hooker School children to teach the importance of buckling up.

Also during the year, through the cooperation of Hadley businesses, we continued for the third year, our "Officer Phil Program." This program has enabled us to instruct children in kindergarten to sixth grade various aspects in safety and drug awareness. In the upcoming year, I hope to replace this program with the DARE program. I anticipate strong community support for the DARE program as it has been something I have wanted to institute into the school system for a long time. In addition to our annual visit to the kindergarten at Halloween, we also participated in a child identification program sponsored by Wholesale Depot. Each child was given an ID card with a physical description, picture, and fingerprints for a parent to use in an emergency.

The Police Department is now meeting on a regular basis with the high school principal. The purpose of these meetings is to establish if there are any problems or if any come into existence that the police may assist with. I welcome this working relationship with the school system. I have also attended seminars with school personnel in an effort to understand problems within a school system.

With the continual changes within the Town, I ask the voters of Hadley for your continued support towards a new public safety building to house the police and fire departments. It will enable both departments to serve you in a better capacity.

In closing, I wish to thank the citizens of Hadley and the area police departments for their support and assistance during 1993.

Respectfully submitted,

Dennis J. Hukowicz
Chief of Police

REPORT OF THE HADLEY FIRE DEPARTMENT

TO THE CITIZENS OF HADLEY AND BOARD OF SELECTMEN:

The Hadley Fire Department responded to 112 calls during the year of 1993. Mutual Aid was received once for station cover during Zuzgo's fire and Hadley responded to mutual aid request twice to Hatfield and once to Sunderland.

Fire Department Organization:

The Fire Department is now running 3 Engine Companies with one senior officer assigned to each group. Center station has A & B Companies and north station is running Engine Company C. This year we also appointed three new company officers through promotional exam which gives us one more officer per engine company. To enhance this program we will be asking Town Meeting for a \$4,000.00 article to outfit one more engine company with new pagers. Last year North Hadley was the first company to be upgraded to the new system. If everything goes as planned, the system will be complete in 1995.

Equipment and Housing:

We will continue to search for a used or surplus aerial ladder apparatus to allow the Hadley Fire Department to meet the needs of new occupancies and buildings which contribute to a broad tax base for the Town. All our equipment, at present, is in good working order. The rescue van donated by Northeast Utilities two years ago is ready to go in service this Spring. The most important issue at the present is the need for adequate housing of equipment and a building that is suitable to attract part-time personnel which will allow the continued operation of a paid on call personnel department instead of a more costly full-time department.

Budget and Operations:

The budget which has been the same for the last five years needs to be adjusted to reflect the operations and needs of running an effective Public Safety Department, commensurate to the needs of a community with population and property value that Hadley has,

instead of a budget that is based on basic maintenance of the department and what is available after other needs have been met. Also this year, I will be looking to change the status of the Chief's job from a hobby position to a part-time paid position.

In closing my report, I wish to thank all the men who responded to emergencies and training exercises during 1993.

Respectfully submitted,
Bernard J. Martula
Fire Chief

REPORT OF THE SEWER COMMISSION

TO THE CITIZENS OF HADLEY:

As part of our on-going maintenance program, this department inspected and made repairs as necessary to seventy-three manholes, cleaned approximately four miles of sewer lines, all pump station wet wells, and suction lines at pump station number four.

With a grant arranged by Western Mass Electric Company, nine new energy efficient motors were installed at our plant and pump stations.

Since November 1992, we have been able to accept septage from out of town. This added income has helped keep our annual budget increases to a minimum.

Our Waste Water Treatment Plant met all state requirements with no violations during 1993. We commend our staff on a job well done.

BOARD OF HEALTH REPORT

TO THE CITIZENS OF HADLEY:

In the past year, the Board of Health had a very busy year overseeing that the health and environment of the residents of the Town were protected.

The Department of Environmental Protection is rewriting title V of the State Sanitary Code which will make Septic Systems designs and installations stricter. Inspections will have to be done by a

certified inspector and more inspections will have to be performed. D.E.P. has requested the Town of Hadley do an Initial Site Assessment of the closed landfill to be followed by Comprehensive Site plan and plans for capping the landfill. The agreement for running the Transfer Station with Duseau Waste Industries expires on June 30, 1994. The Board of Selectmen and Board of Health are negotiating with Duseau to renew the contract.

Public Health Nurse Patricia Osip submitted her resignation for personal reasons on March 13, 1993. The Board of Health accepted her resignation with regret. She has since been reappointed as Public Health Nurse effective March 1, 1994.

1993 Permits Issued: Restaurants-111, Milk-44, Bakery-9, Message-2, Tanning Salon-2, Catering-1, Sunday-60, Percolation Tests-21, Septic Installers-13, Transporting Garbage & Offal-17, Repair to Septic Systems-15, Ecology Cans-8, Septic for new homes-18.

Appointments-Public Health Nurse-Patricia Osip, Plumbing Inspector-Peter Salvatore, Alt. Plumbing Inspector-John Moriarty, Animal Inspector-Marilyn Iwanicki, Burial Permits-Joanna Devine, Title V Inspectors-Victor Cendrowski and John Banash.

The Board of Health thanks all residents and Town Officials for their cooperation.

REPORT OF THE HAZARDOUS WASTE COORDINATOR

TO THE CITIZENS OF HADLEY:

It is estimated that Hadley residents generate between 60,000 and 92,000 pounds of hazardous waste per year! Small amounts of these products can harm us and the environment if not disposed of properly. That is why last year Town Meeting voted to participate in the Amherst regional collection of household hazardous waste. Thirty-four households took advantage of this well-organized program in 1993, despite short notice due to funding uncertainty.

This year's collection will be held on Saturday May 7 (tentative date). Residents are required to pre-register for the 9am 12pm slots by calling 256-4077. Between 12 noon and 1 pm, residents can come on a first come, first serve basis. Bring up to 10 gallons or 100 pounds per car of your left over oil paints, solvents, automotive products, pesticides and toxic cleaners. Waste oil is collected on an ongoing basis at the Town garage.

Anyone interested in volunteering at the site or with the promotion should contact me.

Next year Amherst will be charging us for the actual cost of collection, which is \$80 per car/household. An appropriation of \$3200 would allow 40 cars to participate.

Respectfully submitted,
Kristen Walser
Household Hazardous Waste Coordinator

REPORT OF THE ANIMAL INSPECTOR

TO THE HONORABLE BOARD OF SELECTMEN AND TOWNSPEOPLE:

The Town of Hadley is now surrounded by towns with confirmed cases of rabies. I have sent two raccoon heads for testing during the past two months. Fortunately, both have been negative. If anyone observes an animal acting strangely, please call me immediately. To test an animal for rabies, the test must be done within hours of death. The animal's body must not be frozen. This procedure is the same for all animals from cats to dogs to raccoons to whatever. To report a strange acting animal, phone me at 586-9818.

Another defense implemented against rabies in 1993, was mandatory cat vaccination. It is now a **STATE LAW** that all cats must be vaccinated for rabies, just like it is for dogs.

The 1993 farm animal census is as follows

Dairy Cows	906	Horses	146
Dairy Heifers	414	Ponies	8
Dairy Calves	372	Goats	28
Dairy Bulls	20	Sheep	664
Dairy Steers	5	Pigs	973

REPORT OF THE PLUMBING AND GAS INSPECTOR

TO THE HONORABLE BOARD OF SELECTMEN AND CITIZENS OF HADLEY:

I hereby submit my annual report for 1993.

During the past year 64 Plumbing Permits, amounting to the sum of \$3,532.50, were issued to the following:

Renovations	28
New Homes	25
Businesses	14

There were 48 Gas Permits issued and inspected, which amounted to the sum of \$1,201.00.

A total sum of \$4,733.50 was received by the Town Treasurer for these permits.

REPORT OF HADLEY'S CIVIL DEFENSE DIRECTOR

REPORT OF THE CONSERVATION COMMISSION

TO THE BOARD OF SELECTMEN AND CITIZENS OF THE TOWN OF HADLEY:

The commission continues to operate at full strength, with some changes in personnel: Former chair Mike Pewatka, who will be sorely missed, has resigned; Alexandra Dawson is now chair; former chair Gary Pelissier is now vice chair; and new member Jennifer Dempsey is secretary. We have a new associate member, Dan Dudkiewicz. The commission generally meets on the third Tuesday of each month at 7:30 p.m., unless otherwise posted. The public is welcome.

The commission's chief task continues to be the determination of where the town's wetlands and floodplains are located and the regulation of work in those areas. This involves site visits, evening meetings, and a lot of notices and publications and filing as well. The commission has used some of its filing-fee funds to hire Maggie Johansen, who is employed by the building inspector and the highway department, to provide part-time help with the clerical work.

Town farmers continue to be interested in protecting their prime farmland with agricultural preservation restrictions, but state funds are virtually exhausted. The commission hopes the state will put more money into this popular program through direct appropriation and as part of the proposed bond issue for open space acquisition and protection.

REPORT OF THE COUNCIL ON AGING

TO THE BOARD OF SELECTMEN AND THE CITIZENS OF HADLEY:

The Council is governed by a volunteer board of seven members. "The duties of the Council shall be to identify the total needs of the community's elderly population; educate the community and enlist the support and participation of all citizens concerning these needs; design, promote, or implement services to fill these needs, or coordinate present existing services in the community; promote any other programs which are designed to assist elderly activities in the community." Services and activities are offered to the approximately 1000 Hadley residents who are 60 years of age and over with the goal of improving their quality of life and

allowing them to remain active and independent in their own community. Membership is maintained in the Massachusetts Association of Council on Aging and Senior Center Directors, Western Massachusetts Association of Councils on Aging, Hampshire Council of Social Agencies, and Massachusetts Intergenerational Network. Fred Mastendino continued to serve as the Council's representative on the Highland Valley Elder Services Board of Directors and as a member of their Finance Committee.

The paid staff consist of a part-time coordinator, Jane Wagenbach Booth, two part-time stand-by drivers, Walter Piziak and Victor Lesko, and a substitute driver, Adolph Pipczynski. Our volunteer staff provided the dedicated support and assistance necessary to successfully carry out many of our programs and activities. Between July 1992 and June 1993 our volunteers provided an estimated 2355 hours of service valued at \$22,977--220 more hours than in the prior year! As an example of the dedication of our volunteers, during 1993 Antoinette Jensen assisted in the office on a regular basis, taught craft classes, performed clerical duties at blood pressure clinics, served as a bingo caller, worked at the flu clinic, and helped with the health fair cholesterol screening! The Retired Senior Volunteer Program (R.S.V.P.) of the Hampshire Community Action Commission provided a means by which registered senior volunteers were recognized for their hours of service at an annual luncheon at The Delaney House. During 1993 2080 hours of R.S.V.P. volunteer service were reported. Additional volunteer hours were contributed by many generous individuals who contributed a large number of knitted and crocheted items to the Hats for Warmth Program.

A record number of senior citizens were served during 1993 through a great variety of programs including information and referral services, a monthly newsletter, elderly and handicapped transportation program, health care clinics, recreational programs, health insurance counseling through the S.H.I.N.E. Program, income tax assistance, free bread distribution, fuel assistance support, and special education events.

During 1993 the Council received financial support from the Town, the Massachusetts Executive Office of Elder Affairs, Highland Valley Elder Services, the Pioneer Valley Transit Authority, and town residents. The Formula Grant from E.O.E.A. is based on the elder population and provided for the distribution of the monthly newsletter and the annual volunteer recognition. Title IIIB funding from H.V.E.S. provided for monthly health clinics, a health fair which included cholesterol testing and other educational programs and activities. With the requirement to raise a portion of the funds necessary to conduct the elderly and handicapped transportation program in exchange for receipt of P.V.T.A. funding, the resident donations received were very much needed and appreciated.

NEWSLETTER The monthly newsletter was mailed to senior residents as well as to interested businesses and individuals. We thank the advertisers for their support and State Representative Nancy Flavin for her informative articles. We appreciate the assistance of our regular newsletter volunteers--Antoinette Jensen, Fred Mastendino, Claire Wagenbach, and Joseph and Twega Fill.

TRANSPORTATION Elderly and handicapped transportation was provided to those with no other means of transportation Monday-Friday from 9-4. The much-needed new town van arrived and new van festivities were held in April with the public invited. Our two highly-praised van drivers provided this door-to-door transportation to medical appointments, shopping, hair appointments, and the dining center for weekday lunches. The cooperation and assistance of the drivers' wives, Veronica Piziak and Helen Lesko, are also greatly appreciated. The Council provided an estimated 4351 units of transportation during 1993--traveling 19,049 miles. The implementation of the Americans with Disabilities Act continued to challenge this department with an increased number of requests to travel to locations of greater distances. Elderly and handicapped individuals are always encouraged to call and arrange for transportation when needed.

HEALTH CLINICS Monthly blood pressure clinics were conducted by Sophie Filkoski and Nellie Frankevicz and monthly blood sugar clinics by Patricia Osip. We thank those individuals for their nursing services as well as Doris Dec, Antoinette Jensen, Irene Clark, and Twega Fill for their clerical assistance. The Council worked cooperatively with the Board of Health and Patricia Osip to register 360 individuals for the annual flu shot clinic. An eye screening was offered by Ophthalmologist Nancy Balin. In September Sally Tripp of the Hampshire County V.N.A. and Home Care Services began offering monthly Senior Health Services to residents either in their own homes or at the Golden Court Hall.

RECREATIONAL SERVICES Weekly painting classes, crafts instruction, and bingo games were offered January-May and October-December. We thank the following for their assistance with these activities: painting instructor Mary Hitchcock; crafts instructors Jennie Wilkes, Antoinette Jensen, Millie Banas, Nadine Gallo, Julia Koloski, and Mary Klaus; and bingo callers/workers Antoinette Jensen, Fred Mastendino, John Crawford, Sophie Filkoski, Angelina Kosloski, Veronica Piziak, Frank Zalot, Mary Vachula, Anna Wanat, and "Dutchy" Tudryn. The paintings and crafted items were displayed in May in conjunction with the Annual Volunteer Recognition and the Elder Law Week Program with speaker Attorney Richard Szlosek.

Other special activities included a trip to the Eastern States Exposition and for the third year the Hopkins Academy Student Council held a picnic for senior citizens at the Young Mens' Club pavilion.

The annual Christmas party, chaired by Bertha Baranowski, was held at Hopkins Academy with approximately 125 senior citizens and public officials attending the evening event. We appreciate the wonderful job by Bertha, the assistance of many volunteers and the many door prize donations.

PARTNERED ACTIVITIES The Council cooperated with many service agencies, organizations, businesses and town departments to assist in the delivery of vital services to Hadley's senior citizens. Highland Valley Elder Services, an area agency on aging, is a private, non-profit Home Care Corporation which provided numerous valuable services to Hadley's senior citizens including a congregate lunch program (5952 meals served), home delivered meals (8621 delivered), case management, and homemaker and legal services. We thank the Hadley Dining Center director Judy Shean and her committed volunteers for their cooperation and many hours of service.

A LOOK TO THE FUTURE The Council shall continue to strive to provide adequately and advocate for the needs of Hadley's increasing senior citizen population and to better educate and inform the residents on elder issues. Without a senior center our program capability is limited. The generosity and cooperation of the Hadley Housing Authority and the Hadley School Department in allowing the use of their space for Council events is greatly appreciated.

The Council members wish to thank the staff and volunteers of the Council on Aging, the personnel of the other town departments, the residents, and businesses of Hadley who supported and cooperated with our department during 1993.

REPORT OF THE HADLEY DISABILITY ACCESS ADVISORY COMMITTEE

TO THE CITIZENS OF THE TOWN OF HADLEY:

The Hadley Disability Access Advisory Committee (HDAAC) meets monthly in the Town Hall. The committee has two major goals. The first goal is to bring together the citizens of Hadley to develop a common base of knowledge regarding the Massachusetts Architectural Access Board (MAAB) regulations and the intent and

impact of the Americans with Disability ACT (ADA). The second goal is to serve in an advisory capacity to the Select Board as they implement the goals of the MAAB and ADA.

The committee has been working closely with the Massachusetts Office on Disabilities in Boston. A joint training was offered to the citizens of Hadley as the committee began implementing a survey tool designed to determine both structural and programmatic issues that exist, not only in municipal buildings, but also issues that exist within programs and services offered by the town to its citizens.

The major accomplishment of the committee this year was the completion of the environmental survey for the Town Hall. The survey results included identification of issues as well as potential solutions. The first concrete change implemented as a result of that survey was the decision by the Select Board to require that all Town related meetings be scheduled in an accessible space effective January 1994.

The committee works closely with the Superintendent of Schools to determine needs and solutions within our existing and future school buildings, and to insure compliance with regulations.

In the next year, the committee will be working with the Small Cities Program Grants of the State Executive Office of Communities and Development. As part of a business incentive program, the committee, through the grant, will begin to work with the Hadley business community. In the next year we will also work with the Library Trustees to address accessibility issues within Goodwin Memorial Library, and to proceed toward installation of an elevator in that building.

Through the enactment of the American with Disabilities Act, the question is no longer if we want to remove architectural and programmatic barriers, the question is what must we do to remove all barriers and how do we insure accessibility?

The Hadley Disability Access Advisory Committee looks forward to continuing it's work of assisting Town officials in answering those questions.

ZONING BOARD OF APPEALS
ANNUAL REPORT - 1993

The Hadley Zoning Board of Appeals held hearings on 18 petitions for special permits or variances in 1993. Two decisions were appealed to the Superior Court and the cases are pending.

The Zoning Board of Appeals wishes to extend its most sincere appreciation to Richard Fydenkevez who did not seek reappointment to the Board. Richard has served on the Board for many years. He has been diligent, patient, knowledgeable and fair in his approach to the work of interpreting the Zoning By-Laws. Thank you, Richard, for your many years of valuable service.

The Board welcomes Hank Fil, Jr. as its new member and Ed Kelley as the new alternate member.

Adult programs held in the old gym are:

Mon. & Wed. evenings 7-9 p.m. - basketball
Tues. & Thurs. evenings 7-8 p.m. aerobics
Tues. & Thurs. evenings 8-10 p.m. volleyball

The Park and Recreation Commission continues to receive many requests to rent the old gym and the surrounding athletic fields.

The income from these rentals help supplement our budget. We also operate a small concession stand during soccer season.

Enrollment in all of our programs continue to rise, and as they do, we are fortunate to have wonderful volunteers to assist us. They include parents, student athletes, coaches, and teachers. We thank them for their support. They are an important part of our program. We appreciate their hard work and dedication.

We have over 145 children participating in our sports programs. We will continue to provide these children and all residents of the Town of Hadley with sports and recreational activities.

HADLEY HISTORICAL COMMISSION

TO THE BOARD OF SELECTMEN AND THE CITIZENS OF HADLEY:

The Commission is pleased that our main work in 1993 has come to a successful conclusion. This work was the continued preparation for and presentation of applications to the Massachusetts Historical Commission and the National Park Service of three National Register Districts in the town. These are: the Hadley Center Historical District; the North Hadley Historical District; and the Hockanum Rural Historical District. Included were two meetings with the Selectmen and three informational meetings for the public in April, May, and June. In July, at a meeting in Lowell, Douglas Kelleher and Betsy Friedberg of the Massachusetts Historical Commission staff presented the proposals to a panel of preservation chairpersons who unanimously voted that the applications be sent to the National Park Service in Washington, D.C. to be placed on the National Register of Historic Places. By February all were placed in the National Register of Historic Places.

In cooperation with the Historical Society, we proposed that the Bike Path be named the Norwottuck Trail. This was accepted by the Department of Environmental Management.

Walking Tour Guides of West Street, a gift from the Gazette in 1986, are now available to the public without charge.

The Commission is considering publication of an informational brochure for Hadley in the near future.

REPORT OF THE HADLEY ARTS COUNCIL

TO THE CITIZENS OF HADLEY:

A quorum of its members were present as the Hadley Arts Council voted on November 1, 1993. Former Chairperson Barbara Wilson's term had expired, and Delores Thayer was named Chairperson.

For the 1993 Application Cycle (fiscal year 1994), a sum of \$2,000.00 was available through the Massachusetts Cultural Council (MCC). Funds were voted for five of the fourteen MCC applications received:

- | | |
|---|----------|
| 1) "Shtick and Stones" | \$500.00 |
| Improv performance and workshop | |
| 2) Yankee Notions | \$480.00 |
| Concert/New England Folk Music | |
| 3) Jeffrey Steele, Guitarist | \$325.00 |
| Concerts at Hooker and Russell Schools | |
| 4) Roger Ticknell | \$250.00 |
| Concert/Across the Americas: A Folk Music Journey | |
| 5) Porter-Phelps-Huntington Foundation, Inc. | \$445.00 |
| 1994 Fall Foliage Festival | |

No applications were received for PASS funds. The PASS Program funds field trips by subsidizing the cost of admissions for children to attend programs of MCC-approved artists and cultural organizations in the arts, humanities, and interpretive sciences

(including performances, educational tours, and exhibits). These approved artists and cultural organizations are listed in the MCC's Cultural Resources Directory, copies of which can be found at each school and in the Clerk's office in Town Hall.

A Hadley Arts Council Questionnaire was distributed at the Hadley Town Meeting on October 14, 1993. Its purpose was to gather community input to help us identify key issues and priorities in our work as council. We thank the people who took the time to fill out the survey, and we were pleased to find that the community is significantly committed to the importance of the arts and cultural activities available here. A publicized Community Input Meeting will be scheduled sometime before October, 1994. Anyone interested in the Council's work, the application process, or becoming a member of the Council is invited to attend. Suggestions for future projects are also welcome.

The next deadline for grant applications to be submitted for the 1994 Application Cycle (fiscal year 1995) is October 15, 1994.

GOODWIN MEMORIAL LIBRARY TRUSTEES REPORT

TO THE CITIZENS OF THE TOWN OF HADLEY:

The Library Board of Trustees is pleased to submit the following annual report regarding the operations of the Goodwin Memorial Library and the North Hadley Branch Library.

The North Hadley Branch Library was reopened in March 1993 after having been closed for seventeen months due to lead contamination found following exterior paint stripping. The room has been inspected and tested and found to be free of lead dust particles. The Board is pleased to have the branch library open and serving our North Hadley patrons.

The Board explored various options for making the Goodwin Memorial Library accessible to all patrons. Architects, Inc. of Northampton has prepared blueprints and specifications for an elevator to be installed on the east side of the building that will provide access to all three floors of the library building. The Board has voted to pursue this option and expects to be able to

provide barrier free access to the library and other services in the Goodwin Memorial Library building in compliance with the Americans With Disabilities Act in the near future.

The Board also addressed the need for snowholding guards to be installed on the slate roof of the Goodwin Memorial Library to prevent snow from avalanching and potentially injuring persons using the library, preschool or Historical Society. The Board has received bids from roofing contractors and plans to have snowholding guards installed in 1994.

The Hadley Early Childhood program continues to use the basement of the Goodwin Memorial Library to operate its preschool program. This location has provided the preschool with convenient access to Hooker School and its playground. The Park and Recreation Department also used the Library's basement to house one of its summer camp programs. The Hadley Historical Society continued to house its collection of historical artifacts on the second floor of the Library.

The Board continues to spend twenty percent of the Library's annual budget for the purchase of library materials including books, periodicals, video and cassette tapes and books recorded on cassette tapes. This year we were able to again qualify for a Library Incentive Grant (LIG) and a Municipal Equalization Grant (MEG) from the Commonwealth of Massachusetts to be used to purchase additional library materials. This will be a very welcome boost to our services as Hadley had been disqualified for the past several years due to budget cuts.

In April the Board thanked Michaline Martin for her six years of generous and dedicated service and welcomed Margaret Krzystofik. Lisa West was reelected to a second term. The Board wishes to thank the Hadley Mothers' Club for its continued support of our preschool Story Hour program. We also wish to extend our thanks to our very dedicated staff: Marilyn Mish and Celia Daniels at the Goodwin Memorial Library and Miriam Pratt and Justina Kielec at the North Hadley Branch Library and to all those who volunteer to assist them. Our successes are a direct result of their many efforts.

Our libraries always welcome and seek the input of patrons. The Goodwin Memorial Library is open Tuesday and Thursday, 10 a.m. to 8 p.m. and Wednesday and Friday, 10 a.m. to 4 p.m. The North Hadley Branch is open Tuesday and Thursday, 3 p.m. to 5:30 p.m.

REPORT OF THE GOODWIN MEMORIAL LIBRARY

TO THE BOARD OF SELECTMEN AND THE CITIZENS OF HADLEY:

Thank you for your continuing support of the library as an important part of the life of our community. This year use of our library by Hadley residents and nonresidents increased. We have 1,052 card holders in a town with a population of approximately 4,500. To better meet the needs of the community, additional evening hours were added this year, being open Tuesday and Thursday 10:10 a.m. until 8:00 p.m., Wednesday and Friday 10:00 a.m. until 4:00 p.m. Open 32 hours a week. During July and August hours were Tuesday and Thursday 2:00 p.m. to 8:00 p.m., Wednesday and Friday 10:00 a.m. to 4:00 p.m. The school calendar year, we offer Friday Morning Story Hour Time. An hour of fun, which includes: movies, crafts, and stories. Summer months, we offer Summer Reading Club with a variety of activities. Through the year numerous programs of community interest were offered for all ages. Over 600 new books, magazines, records, and tapes were added to our collection this year. Also this year, a CD collection was started with funds provided by Martha Zuchowski Shaw. Our video selection has grown to over 200. An additional tape collection of Town Meetings and Town events is available thanks again to Richard Trueswell's continued hours of volunteerism to the community.

Regional Bookmobile services enhances our collection every six weeks with books, audio tapes and videos. Interlibrary Loan provided by Western Massachusetts Regional Library, sends us requested materials weekly. These two services are a great help for a small library.

In conclusion, I would like to say "Thank You" to everyone who has supported our library in numerous ways during 1993. Parents helping with our popular Friday Story Hour and Summer Reading Club. Local merchants helping when donations were needed for events. Celia Daniels and Helen Saunders assisting me weekly.

The Trustees, who along with myself, will try to maintain a well-stocked, well cataloged selection of books, magazines, tapes, and CDs in a helpful, friendly atmosphere that serves the needs of the community.

Marilyn Mish, Librarian

REPORT OF THE NORTH HADLEY BRANCH LIBRARY

The North Hadley Branch Library has continued its library services throughout the year 1993. On March 2, the library held an Open House to celebrates its reopening after the building had been closed for one and one-half years, during which the librarians

circulated books from their homes and by car to some of the patrons. It is open Tuesday and Thursdays from 3:00 p.m. to 5:30 p.m. staffed on alternate weeks by Miriam Pratt and Justina Kielec. The library is on the first floor of the North Hadley Village Hall in the room next to the firehouse.

We continued to enjoy the services of the Pioneer Valley Bookmobile where we obtain additional books, hard cover, paperback and large print, books with tapes, and videos for both adults and children. The North Hadley Library subscribes to eleven magazines which circulate like the books. There were thirty-five new books added this year, and forty-five used books were donated by Leon and Stasia Kushi, Joanne Waskiewicz and Victoria Stankiewicz, for which we are grateful.

The circulation this year was 2357, a sizeable gain over last year. The library now has a telephone, number 586-3031.

During the month of July, on Thursdays, the Library sponsored a Story Hour for children through eight years old with an attendance of 40 children, with a story reading, crafts, movies, and refreshments. Jean Baxter, Janet Barrett, and Dale Proulx did a wonderful job of interesting the children as well as several parents in these presentations. We thank these volunteers who were so generous of their time and talents.

REPORT OF THE PUBLIC SAFETY BUILDING COMMITTEE

TO THE BOARD OF SELECTMEN AND CITIZENS OF THE TOWN OF HADLEY:

In 1993 the Public Safety Building Committee held five (5) public meetings. In April of 1993, the committee set a new goal for major cost reductions, to bring the project down from 2.3 million dollars to a target of 1.4 million dollars. To do this the committee voted to start the Designer Selection process all over again. The objective was to seek architectural firms that would be interested in a creative redesign of the Public Safety Complex, bringing down the cost without serious impact to any of the Police and Fire Department functions already identified in the first building design. A Designer Selection Subcommittee was formed and after required advertisements, twenty (20) firms requested bid data. On October 15, 1993 eleven (11) architects responded. After review, the selection committee has contacted the top five (5) firms and will start the interview process with each, the last week of January 1994.

In addition, letters requesting the possibility of grant funding were submitted to our State and Federal legislators. As of the end of 1993 we only know that it is being worked on, but the timing of funding availability is unclear. The committee would like to be ready with a Town approved design and basic funding go ahead, so we could quickly take advantage of grant money if it should become available. A tentative plan is to submit a Public Safety Complex design some time in 1994. From existing committee funding we would plan to spend approximately \$2,000 for this effort.

Respectfully submitted,

REPORT OF THE INDUSTRIAL & DEVELOPMENT COMMISSION

TO THE RESIDENTS OF HADLEY:

The Hadley Industrial & Development Commission, met several times in 1993 to track the progress of the bankruptcy case of WestMass Development Corporation. WestMass is coming out of bankruptcy court a smaller coporation but still owning a planned research park in Hadley.

The Commission is optimistic that the park will be developed as originally proposed. The development of this park could benefit Hadley with the creation of jobs and additional property tax base.

TO THE CITIZENS OF HADLEY

The Eastern Hampshire Regional Refuse District (the DISTRICT) was formed in 1990 by the Towns of Amherst, Belchertown, and Hadley. The Towns of Leverett, Pelham, and Shutesbury were included as associate members. The DISTRICT's mandate is to manage the

residential, commercial, and institutional solid waste of member towns through planning, developing, and managing any facilities or service contracts.

The DISTRICT's "Comprehensive Solid Waste Plan" was approved by Town Meeting votes in all member towns in 1992. This 20 year plan includes provision for: collection and processing of recyclables; construction of a compost facility for sludge, yard waste, food waste, and acceptable paper and solid waste; disposal of the remaining 25% (approximate) in a landfill. If possible, the landfill would be sited within the DISTRICT. Copies of the Plan are available in Town Hall.

The composition of the DISTRICT changed in 1993 with Belchertown's vote to withdraw, to be finalized in 1994, and South Hadley's vote to request membership. South Hadley's request, which is recommended by the DISTRICT Committee, must be approved by Town Meeting votes in Hadley and Amherst.

This past year, DISTRICT representatives have been reviewing types of composting facilities, comparing possible in-district alternatives to out of district options. We have also submitted draft site selection criteria for consideration by Hadley and Amherst town committees.

During the coming year the DISTRICT plans to:

1. Finalize the conceptual size and type of a composting facility
2. Review the availability of commercial composting facilities and related costs
3. Determine the cost effectiveness of a DISTRICT-owned facility
4. Approve site selection criteria
5. Perform a siting analysis, to select potential sites for a compost facility
6. Submit requests to the DISTRICT towns for the purchase of a composting site
7. Review the type and waste stream value to determine the need for additional residuals disposal.

The DISTRICT thanks Gail Fries for her service as a representative from Hadley and encourage all interested in filling the vacancy to contact the Select Board.

VETERAN'S AGENT ANNUAL REPORT

TO THE HONORABLE BOARD OF SELECTMEN

I hereby submit my report as Veteran's Agent for the year 1993.

This past year the Veteran's Department had two claims for financial assistance. During this time my department had to request emergency reserve fund transfers to meet their needs. 75% of this assistance is reimbursed by the State, the rest comes out of Town funds. My department also provides names and addresses of government agencies to help locate discharge papers and other military records.
